UAB „PKC Group Lithuania“ is implementing a project partly funded by the European Union

UAB „PKC Group Lithuania“ is implementing a training project partly funded by EU, titled as „Improving “PKC Group Lithuania” employees’ competence, knowledge and skills“ (Project’s number 09.4.3-ESFA-K-805-01-0022). 625 employees are planning to participate in trainings. The planned trainings are:

- External trainings for learning English language as well as improving specific skills in manufacture of electromechanical systems for automobiles;
- Internal trainings for improving specific skills in manufacture of electromechanical systems for automobiles.

By participating in trainings, employees of UAB „PKC Group Lithuania“ will improve their knowledge and competence, which will help them to increase the quality of their work responsibilities.

A project is partly funded by European Social Fund Agency based on 2014-2020 European Union Funds program’s priority No. 9 „Educating society and improving potential of human resources“ 09.4.3-ESFA-T-846 „Trainings for foreign investors’ employees“.

A total value of a project is 912 149,42 EUR, from which 45 074,71 EUR is funded by European Social Fund Agency and 45 074,71 EUR is own contribution. Project activities were first implemented in May 2016.
