KEMPELE, FINLAND OR TALLINN, ESTONIA

## Data/Reporting Analyst

### Your tasks.

The purpose of this role is to prepare and analyze data to create reports, solve problems or create data-driven ideas that support decision-making processes in the PKC Europe and South America business segment.

Key responsibilities in this role are:

- Project Management: Lead development projects with internal and external stakeholders
- Reporting: Create, validate reports, and prepare operational reports for decision-making
- Data Analysis: Analyze, review, and interpret data; provide actionable insights
- Development: Support global reporting environment and assist in system implementations.
- Information Security: Ensure data processes comply with legal regulations and security standards

### Your profile.

- M.Sc. or B.Sc. degree (e.g. Mathematics-Economics, computer science, statistics)
- Strong interest and proficiency in mathematics
- Knowledge of data analytics processes and their application in business contexts, ability to approach problems analytically and practically.
- Proven experience creating data-driven knowledge that promotes profitability
- Knowledge of database systems like Oracle or SQL; ability to extract data using SQL queries.
- Familiarity with tools such as Power BI, Qlik Sense, or similar for creating interactive dashboards and reports
- Fluent in both spoken and written English

### What we offer.

If you enjoy working in an international cross-cultural environment, have a strong project-oriented focus, and excel in both independent and collaborative work, this opportunity is tailored for you. Join us for:

- Work-Life balance: Flexibility with hybrid work opportunities for a healthier work-life balance.
- Continuous learning: Professional development and learning opportunities for your personal and career growth.
- Competitive employment benefits: We offer a comprehensive benefits package, ensuring your well-being and job contentment.

### How to apply.

- Please apply by Nov 26, 2023 via <https://joy.clevry.com/public-job-description/1991>. The position may be filled already during the recruitment process once a suitable candidate is found.
- Applications are processed jointly by PKC Estonia and Finland HR. The position is based in Finland or Estonia.
- Applicants from abroad, please note that work begins upon finding the right candidate; thus, a valid residence/work permit, per country-specific regulations, is required.
